Date: August 14, 2018

Re: District Assessment Notification

Federal and state laws require all districts and schools to test all students in specific grades and courses. There is no law that allows a parent or student to opt out of state testing, and there is no state opt-out procedure or form.

As parents/guardians, you have the right to know about the Assessment Program for the district and may request policies regarding student participation in state mandated assessments. The policies are available at the Board of Education office.

A student who does not take the state's grade 3 English language arts test will not have a score on that test and may not be promoted to fourth grade as part of the Third Grade Reading Guarantee, unless an exemption applies. A student entering ninth grade for the first time before July 1, 2014, must meet curriculum requirements and take and meet the Ohio Graduation Tests.

A calendar of the each assessment is published each year by grade level and is available at the Board office as well as on-line at the district's website. For additional information, please contact the building administrators.
