

SBEP
TITANS

Construction on the new school building continues! The walls of the new swimming pool and high school gym are now in place. Please excuse our mess and, as always, thanks for your support!

ON THE MOVE!!

On Nov. 5th, all students in Pre-K through 6th grade exercised their right to vote in an election sponsored by Elmwood Place Elementary's student council.

Girls' Volleyball held our first annual "Think Pink!" Volley for the Cure event in October. The girls won their matches against Lockland and raised funds to fight cancer!

Fourth grade students at St. Bernard Elementary worked together on their Science Food Webs.

Elmwood Place Elementary students participated in a variety of activities using pumpkins in math and science classrooms.

108 students qualified for first or second honors in the first quarter at the Jr./Sr. High School. Congratulations, Titans!
