

# SBEP TITANS

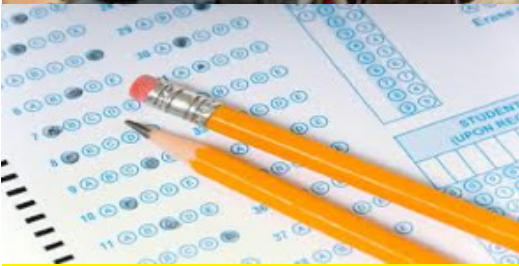

On the  
Move!!

Little brothers and sisters were invited by Elmwood Place Elementary students to share in a Title I Reading activity featuring the best-selling book *Chicka Chicka Boom Boom*.

Black History Month came alive as 6th grade students enacted special influential African American individuals from the past who are featured in the St. Bernard Elementary Wax Museum. The 2nd and 3rd graders entertained the other students by singing Spirituals, a special type of American folk music that was mostly created by African Americans, many of whom were enslaved at the time.

High School Juniors started the process of preparing for the future by taking the state funded ACT test on February 20th. This test is used for the college admissions process.

Congratulations to Anna Worley, who won the Jr. High Spelling Bee and will be representing SBEP at the Regional Spelling Bee this spring.
